
Colorado Retreat

June 4-11, 2022 - Estes Park, CO

History

The Colorado retreats have been a big part of the youth program in the past. Starting in 1978 and pausing a few times including after 2007. In 2022, we have planned to bring it back to the youth of our parish. It is a high school aged retreat, from incoming freshmen to graduating seniors. It is a 7-day trip, leaving on a Saturday morning and returning on Saturday afternoon. The retreat takes place every 2 years.

During this week we look to build friendships through shared experiences, both through fun outdoors activities, which include whitewater rafting and hiking and through evening retreat reflections. It is a memorable experience that builds everlasting friendships.
